## Excellence in the Artistry of Reborn

You, too, can transform a baby doll into a "Precious,  
True To Life Artist Baby"

Where each and every Baby is a  
"One Of A Kind" Original

Thank you for taking the time to read this instructions book to *Learn the Art: Case Study#5 "Vinyl Baby Reborn with Artistic Oils"*. This is book #5 in a series of booklets to look into more details and specifics of the Reborn Artistry Process for Reborn Vinyl Dolls.

**Learn the Art: Case Study #5 "Vinyl Baby Reborns"...** will provide you a step by step process of transforming a Premie Vinyl Baby Vinyl Doll into a cherished collector reborn. We will be using the Baby Jamie Reborn Kit provided by Secrist™ in this case study.

**REALISTIC Hair...** In this case study, you will see two hand-rooted Jamie Doll samples created for us by CreationsByJeannine™. We will start with basic hand-rooted curly blonde baby, and end with a micro-rooted Brunette. You will see hair placement, the application, and of course, the final results.

**Uniquely Designed, Custom Cloth Body...** is provided with the Reborn Kit. We will weight the body to have a very natural, and healthy baby feel. She will be lightly stuffed in order to distribute her weight properly, from head to toe, with fine beads of plastic and sealed with stuffing materials. You will see all the extra attention & details that are used in designing & weighting the baby's body which will enable her to be unbelievably realistic & cuddly.

**Breathtakingly, Realistic Skin Tone,** with custom life-like hand-applied features. In order to make sure that the baby's coloring is as perfect as possible and true to life, we will use external blushing with artistic color sticks and Winsor Newton oils. She will be meticulously blended, highlighted, and shaded to give our baby that natural healthy glow that will make her so unique and one-of-a-kind.

**Subtle Veining...** In this case study, we will apply very realistic and subtle veins in all the appropriate areas. External application of veins are applied for the special and spectacular vinyl doll. These extra details are fun and add that little extra touch to the baby's realism.

**She will take your breath away...** We will sculpt the inside of her nose, and apply a thin strip of black felt backing for a natural look. We will give this baby a manicure with a special treatment of sealers that leave her ever so realistic-looking.
